

Parking/Driving Policy

Back in 2015, after working very hard for this, the club gained change of use for the building, so we were able to convert it into the high performance facility it now is. One condition of our change of use is around parking. We therefore, have the following policy in place to ensure we are being considerable to the other businesses on our estate.

Policy

1. As a member, user or visitor to The Base, please ensure that you only park in the areas highlighted below in green. Parking directly in front of our units has clearly visible signs on our wall and roller shutter highlighting where members can park.
2. At NO times (even briefly) should members park/drop off in the areas marked in red. These areas are other business who need access to and from their units and roller shutter 24 hours a day.
3. Please park and drive in a considerable way for other users on the site.
4. Please drive with due care following the max speed limits. With children coming to and from our facility, extra care needs to be taken to avoid any accidents.
5. All parents/carers must ensure their children are with them at all times on the estate and in the car park. The club and other businesses are not responsible for the safety of your children outside of the facility.
6. Please follow the path around the back (in orange) taking you to our entrance for the start of classes.
7. Parking is at the owners own risk. The club takes no responsibility for any damage/theft of any belongings or vehicles parked on the estate.

In the event of any breaches to our terms of membership and policies, the club reserves the right to cancel or suspend membership.

If any members witness any breaches to our policy please report to info@lagc.org.uk.
